In reply to his No.5239 M1(274-05)-2 of 21st instant enquiring why the sanction of Government is considered necessary in the case under - - reference, has the honor to state that the Comptroller's letter enclosed with the above refers - - - apparently only to the question of procedure and not to that of the sanctioning authority in cases such as that under reference. The - practice in the latter respect has been that allotments have been included in the Budget Registers of this office on account of Municipal Works only under the orders of - Government vide orders noted in the margin particularly No.12096-98 190 of 04 of 30-6-05 which deals with exactly the same work as is now under -

reference. Still but for the reference due to this practice undersigned is unable to see any necessity in the case of Local Funds not directly administered by Government, for the sanction of Government for the transfer of Funds, provided the restrictions upon the Powers of Presidents in regard of re-appropriations etc are not transgressed
